OUT OF BOUNDS

WARNING! Snowbowl recommends that anyone exiting the ski area have a very strong knowledge of backcountry travel and safety equipment in avalanche terrain. Areas beyond the ski area boundary are unpatrolled and unmaintained. Avalanches, unmarked obstacles and other natural hazards may exist. Pursuant to the Arizona Ski Safety Act, the ski area assumes no responsibility for the safety and welfare of skiers and snowboarders going beyond the ski area boundary. You are solely responsible for your own safety.

DRONE POLICY

Using drones at Snowbowl is not permitted. Those caught breaking the rules may have their drone confiscated, their skiing privileges suspended or could even be fined.

WARNING

Under Arizona Law, a skier accepts the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing, including changing weather conditions, existing and changing snow surface conditions, surface or subsurface conditions, whether marked or unmarked; collisions with natural or man-made objects, whether marked or unmarked and the failure of skiers to ski within their own abilities.

SKI PATROL

In case of an accident, place skis upright and crossed in the snow above accident. Report the accident to an Arizona Snowbowl employee at the base of the nearest lift or to any Ski Patroller. Describe the location, the color of the person's clothing and the facts about the accident. If you are involved in an accident, you must report it and shall not leave the ski area/scene without providing your personal identification as required by the Arizona Ski Safety Act. Patrol has the authority to revoke ski privileges if the skier is in unauthorized areas, does not obey SLOW ZONES or commits any act that endangers himself/herself or others. Ski Patrol Line: (928) 214-4005

OBSTACLES & HAZARDS

Be advised that poles, flags, fencing, signage, padding on equipment or objects, and other marking devices are used by the ski area to inform you of the presence or location of potential obstacles or hazards. These markers are no guarantee of your safety and will not protect you from injury. It is your responsibility under Your Responsibility Code to avoid all obstacles and hazards, including those that are unmarked.
